

GPO monthly agenda MAY 6, 2010

I just wanted to start this meeting with saying thanks to all who has volunteer this year. The parents involvement is one the things that made our year as officers easier. I want to give a special thanks to the other officers who I could always count on them giving their input and telling me when I needed to fix something. As an organization I think its very important to **hear and listen** to everyone's input weather its bad or good. And that we learn from our mistakes. I enjoyed being the President this year and will miss it next year.
